

Vancouver, BC - "A new thing" is emerging at Canadian Memorial Church & Centre for Peace in the heart of Vancouver. Inspired by Rev. Bruce Sanguin, our engaged community is practising Christianity with the goal of conscious spiritual evolution, what we call "evolutionary Christianity." Responding to that vision, we've re-designed our ministry model, creating roles for two new ministers. We seek a full-time ordained or diaconal minister as **Minister of Spiritual Care** to be the "warm heart" of Canadian Memorial, to preach (32 services) and tend to our spiritual, administrative and financial health. We also seek a half-time congregational designate as **Minister of Children and Families** to develop and teach an evolutionary Christian curriculum to our youngsters. The two ministers will collaborate with Bruce Sanguin in his new half-time role as **Minister of Spiritual Practice**, preaching (20 services), developing and teaching courses. We're looking for the team that can match our passion and vision. To read our JNAC report, visit <http://www.canadianmemorial.org>. Please apply to JSC Chair Russel Quinn, russq@shaw.ca, by March 22.
